

# MONNALISA

Papers and paperboards produced with ECF (Elementary Chlorine Free) wood-free primary pulp responsible sources. Leading features of this special coated paper are the excellent whiteness and the great stiffness in high substances. The surface is natural with smooth finish, this paper has a good opacity, a "good hand" and a great folding and creasing resistance. Both the paper sides are off-line treated with special matt coating that allows a high ink hold out for brilliant images with great detail and contrast.

**Applications:**

Paper ideal for Prestigious Editions, Luxury Packaging, Covers, Catalogues, Menus, Calendars, Greeting Cards and Invitations, Annual Report and Monographs, Shopping Bags and others

**Ecological characteristic**

- ISO 9706 LONG LIFE
- Alkaline reserve > 2 %
- Completely recyclable and bio-degradable
- Neutral pH (cold extraction)
- Pulp bleached using ECF (Elementary Chlorine Free)
- EN71/3 Safety of Toys (migration of certain elements)
- 94/62/CE (heavy metal absence)
