

# VILLAGE

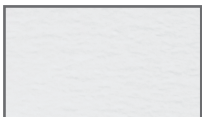

Village is the fruit of an innovative technology attuned to obtain a new finish that is soft but at the same time decidedly cutting edge. Thus, its arrival corresponds perfectly with the current demand on the market. Work with white shade and a variety of weights for that back-to-basics, simple yet elegant feel.

Arjowiggins' concern for the environment is a priority and they manufacture Rives with elemental chlorine free pulps.

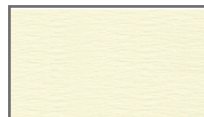

Ideal for:

- Invitations
- Newsletters
- Leaflets
- Direct Mail
- Book Inserts
- Seminar Kits
- Brochures
- Press Kits
- Luxury Packaging
- Letterheads
- Envelopes
- Reports
